We are pleased to introduce ourselves Vaninfosys, an IT,Business Process & Management firm , as a service provider for all your Process and Management consulting needs.

We established recently by qualified managements and engineers with more than 10 years of experience. Our aim is to provide our clients with high professional Standard and to ensure clients satisfaction at each task.

Management consulting is the practice or business of helping other companies improve their performances and accountability through efficiency analysis, IT analysis, studying existing and potential business problems, and helping develop corporate goals. It involves the leveraging of best practices across the company, as well as identifying and controlling risk. Management consulting uses rigid frameworks or methodologies in order to identify problems and suggest better ways of performing business tasks.

Our business model and strategy is based around forming long-term relationships with our clients and offering end-end complete lifecycle solutions to the client. This enables us both to become closely involved in the strategic planning and implementation processes and allows us to provide and develop ever more relevant and effective IT solutions, all aimed at improving your business results by controlling IT costs and cost-effective ways of securing the support you need for day-to-day operations & management.

Our objectives to maximize corporate value for the medium to Long term, increase profits by putting effective and efficient processes in place. We will help you to benchmark with global standards like ISO 9000 & CMMi, which in turn improve your business values and competency in the current market dynamics.

We provide B2B and B2C business consulting solutions on BFSI, SCM , Logistics , Retail & E-Governance verticals for smooth operations with improved effectiveness and efficiency. We do undertake application development and outsourcing for development and maintenance.

Please find attached a short brochure of our firm detailing our activities and industry sectors. We look forward to your favorable consideration on this matter. Should you have any questions and/or concerns, please feel free to contact me directly.

Thank you in advance for your anticipated response.

Yours faithfully,

Venkatakrishnan G
Consultant
